Brian and Melissa Leak | Global Anti-Trafficking Team | WorldVenture

Who We Are

Brian and Melissa Leak have been serving as European Liaisons for WorldVenture's Global Anti-Trafficking Team since 2016. Brian is passionate about helping men find freedom from pornography, a key driver of the demand for sex trafficking. Melissa is passionate about supporting trafficking survivors in their healing journeys. Both of them love to foster church engagement in anti-trafficking ministry through awareness building, resourcing, equipping, and connecting believers to front-line anti-trafficking organizations. For the last five years, the Leaks were based in Vienna, Austria. They currently are based in Denver, Colorado as Brian pursues additional counseling and theological training.
